**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Whatever happened to market competition to improved services? I want a choice and I prefer a local provider to a big corporation any day.

AT&T was never a good service provider for me and Comcast has a debatable history and generally not recommended by my friends. Both these corporations are looking to raising prices in the future even though currently they do not offer the good services and prices offered by Sonic.net here in Sonoma County.

Please do not reduce our choices. This is a capitalist country which used to claim the survival of the fittest not another too big to fail corporate giant which has to bailed out with tax payer money which I might add our local PG&E company is now asking for following the October 2017 firestorm.
